Year 9 Homework Half Term 1 : E-Textiles Toy

Task	+	++	+++
1	**Mood Board** Create a mood board (collection of relevant images) of images of E-Textiles toys - remember to think about images that you like and ones that inspire you. You should have at least 8 images.	**Mood Board** Create a mood board (collection of relevant images) of images of E-Textiles toys - remember to think about images that you like and ones that inspire you. You should have at least 10 images. You should also include notes around your mood board to explain why you have chosen the images and what you like about them.	**Mood Board** Create a mood board (collection of relevant images) of images of E-Textiles toys - remember to think about images that you like and ones that inspire you. You should have at least 14 images. You should also evaluate your mood board considering the following questions: • Why have you chosen these images? • How might you use them to inspire your own toy?
2	**Product Analysis** Carry out a product analysis using the sheet you have been given, remember this should be an analysis of the e-Textiles toy on your sheet.	**Product Analysis** Carry out a product analysis using the sheet you have been given, remember this should be an analysis of the E-Textiles toy on your sheet. Also complete the extension question at the bottom to consider what the term environmentally friendly means.	**Product Analysis** Carry out a product analysis using the sheet you have been given, remember this should be an analysis of the E-Textiles on your sheet. Find your own picture of a different E-Textiles toy and compare the two considering the points on the sheet. Also complete the extension question at the bottom to consider what the term environmentally friendly means.
